

# A Message from our CEO

MICHELLE GAFFORD

Welcome to our new and improved website. We hope that you are able to find our services, providers and other information that is vital to you and your families well-being. Healthcare is an ever-changing industry and at MCHD we strive to stay up to date in the latest medicine and technology to provide better access to healthcare such as Telehealth visits and Talk to Your Doc.

Our providers are some of the best around and we are proud that they serve this community and those surrounding MCHD.

We are very proud of the new PT and Wellness Center that can accommodate multiple patients at a time, and along with the new Aquatic therapy pool, we can expand our services well into the future of medicine.

Our new NH is state of the art and delivers a more home like atmosphere with several areas in which the residents can lounge with their loved ones, sit outside on the spacious patios, and all around enjoy a brighter, newer facility. This compliments the superb care that our NH employees deliver to our residents every day.

Our staff is truly the best when it comes to serving and that is proof in the many awards that the hospital has received in recent years in patient quality and satisfaction.

At Mitchell County Hospital District, our top priority is YOU, our patient. Improving quality of care is our ultimate goal and we value your input. Thank you for taking the time to view the Mitchell County Hospital District website and I hope you will choose MCHD and MCNRC for your healthcare needs.
